

## Outline of the Curriculum – Levels 1, 2 and 3

Each year the curriculum begins with a few topics on Allāh, the Qur’ān, the Prophet (S), the Hadith, or Sunnah. In the early years, the emphasis is placed on the 5 pillars, and this emphasis increases every year. Each year, a history of some of the prophets is introduced in an age-appropriate manner. Several lessons are devoted to Islamic manners, values, and morals so that children grow up with a good understanding of Islamic culture. Each lesson includes a homework assignment.
